

# CEDRICK C. ABULUYAN

## BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY

abuluyan.cedrick@gmail.com | 09925949497 | <https://github.com/yukjidam> | <https://cozy-corner-rho.vercel.app>

### ABOUT ME

Fresh IT graduate with a solid foundation in web and mobile development and experience building practical, feature-rich personal projects. I am adaptable and detail-oriented, allowing me to learn new technologies, approach problems from different perspectives, and refine my code to create functional and user-focused applications. I leverage AI tools to improve development efficiency, solve technical challenges, and continuously expand my programming skills.

### EXPERIENCES

#### Premier NX (On the Job Training)

Feb 2026 - April 2026

- Performed system troubleshooting, network monitoring, and technical support during OJT in an IT/NOC environment.

### PROJECTS

#### STI Global City SHS Club Management System (Capstone Project)

- Developed a web-based system allowing SHS students to view and join clubs while enabling advisers to manage memberships.

#### PlantoDex (<https://yukjidam.itch.io/plantodex>)

- A Pokédex-style plant identification app with real-time species/rarity detection, XP, badges, and a personal catch map. Uses Pl@ntNet and GBIF for species detection.

#### Cozy Corner (<https://cozy-corner-rho.vercel.app>)

- A desktop-style personal portfolio site featuring an interactive music player and app-like modules for an immersive browsing experience.

#### Animu

- An anime tracker with watchlist, watched, and dropped lists, profile module, and Redditstyle comment threading, powered by the Jikan API.

#### I.M Barruga (<https://im-barruga.vercel.app>)

- A custom portfolio website commissioned by a civil engineering student to showcase his academic background, engineering projects, skills, and achievements.

### TECHNICAL SKILLS

- Tech-stacks:** C#, Java, HTML, CSS, JavaScript, Flutter, Dart, MySQL, Firebase
- AI Tools:** Claude, ChatGPT, Blackbox, Gemini
- Hardware and Software:** Hardware/Software Troubleshooting, PC Assembly/Disassembly

### EDUCATION

#### STI College Global City

Sept 2022 - July 2026

- Bachelor of Science in Information Technology (BSIT)
- Gained hands-on experience in software development, databases, and IT fundamentals.

### AWARDS AND CERTIFICATES

- STI Global City College Fair and Symposium 2025 Attendee
- STI Global City College Fair and Symposium 2025 People's Choice
- Certificate of Completion (OJT) - PremierNX
